

Efficient

Oil-free Reusable

Application Report

Industry	Oil Production
Type of Application	Shipment of Heat Exchanger from UK
Project Details	Storage and Shipment under harsh conditions
Previous Problems	Mild Steel Heat Exchanger requires being oil-free during conservation and shipment. Large open air areas were hard to protect.
Revised Packaging Solution	Exchanger wrapped with INTERCEPT 200µm shrink film.
Benefits and Improvement	Reduction of conservation effort. No waxing and oiling required. Machinery is available directly after pack-out.
